### Transgender/Gender Nonconforming Student Support Plan

The U.S. Department of Education and the U.S. Department of Justice interpret Title IX to require that when a student or the student's parent or guardian, as appropriate, notifies the school administration that the student will assert a gender identity that differs from previous representations or records, the school will begin treating the student consistent with the student's gender identity. Upon notification of a transgender or gender nonconforming student's status, school staff should complete a Transgender/Gender Nonconforming Support Plan.

The checklist below serves as the initial intake for a student who self-discloses that they are transgender or gender nonconforming. After completing the intake and setting up a meeting, Part B is to be completed. Part B provides guidance to administrators and others in setting up an action plan for ways in which the student's authentic gender will be accounted for and supported at school. School staff, caregivers and the student should work together to complete the plan.

# Transgender/Gender Nonconforming Student Support Plan Part B

The purpose of this document is to create a shared understanding about the ways in which the student's identified gender will be accounted for and supported at school. School staff, caregivers and the student should work together to complete this document. Please note that Part C is a separate document to plan for a student's formal gender transition at school.
